

How

Love

what is going on here?  
what is our relationship?

You are my beautiful reader  
and I am your dutiful guru...

You are lost, confused  
by love, as we all are.

So you seek the advice of  
magical all-knowing  
agony-aunt, Dorris McComics.

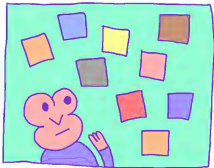

but everyone has a problem  
and every situation is different.

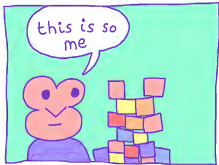

so I make a vague  
thing

and you interpret it

in a way that suits you.

And after repeating the same  
vague things over and over

maybe it tells you something  
you knew all along.

or it at least distracts  
you briefly from your heartache.
